Also, to add, my sense is that the focus is likely to be on Oregon CZARA, because we are looking at some difficult choices that could include holding back Oregon 319 money, and Dick Pedersen's status as ECOS President adds some sensitivity to the topic. Dennis and Will Stelle had an evening "negotiating" call with Oregon folks last night.

I am guessing that the [Non-Responsive] is probably not more than an update to confirm with the Administrator that we are rolling on communications today, with Dennis making a bunch of calls and (last I checked) sending a letter to the state to say we're starting the federal process.

We have provided stuff, but I don't really have my own background. I don't know who requested.

OST: Wanted to be sure you were aware of a meeting today at 3:15 with the Administrator. Appears R10 intends to discuss [Non-Responsive] as well as Oregon CZARA. My understanding is that the meeting was requested by Dennis McLerran and Ken is on the invite. Avi has also been invited. I expect at least two OGC staff folks will attend with Avi.

I'm scheduled to attend a briefing for the Administrator this afternoon on an Oregon matter.

It appears that that the RA also will be discussing Non-Responsive

Hi Alison-

Please see the briefing materials for tomorrow.

On OR CZARA- The briefing attached was given to Ken Kopocis last week and was prepared by OW (I updated the coversheet). Dennis has a meeting with the state of Oregon later tonight to discuss this Oregon's coastal nonpoint program (which is under CZARA); he will most likely have updated information for the Administrator during tomorrow's briefing.

I JUST received the Non-Responsive so don't have a coversheet yet, I can pull something together quickly if you need it. These materials were sent from Dennis to the Administrator directly last week, so this isn't the first time she has seen it.

Let me know if you need anything else!!
